DEMOCRATS WILL CONVENE TODAY

Meeting at Roanoke Will Probably Set Record For Harmony

TO INDORSE WILSON

Delegates-At-Large Will Likely Include Swanson, Glass, Davis and Flood.

Virginia Democrats—more than 1,000 of them—assembled in Roanoke today to select delegates at large to the San Francisco convention to indorse the policies of the Wilson Administration and perhaps to instruct the State's delegation to cast its vote for Senator Carter Glass for the Presidency.

More than a score of Virginia Democrats left Washington Monday night to participate in the conclave. They included Senators Glass and Swanson, Lieutenant Governor Buchanan, Virginia members of the House of Representatives and other representatives of the Virginia colony in the capital.

A much larger delegation, headed by Governor Westmoreland Davis, left Richmond yesterday for Roanoke, and from every city and county in the State the smaller groups have left or are leaving for the convention city.

The prospect is that this will be the most harmonious State convention Virginia Democrats have held for two decades.

How Virginia Democrats incline toward the Presidency at this time has never been indicated in any concrete fashion. If they plunge themselves to vote for Senator Glass, this will be done for the obvious purpose of keeping the delegation in a noncommital position during the early balloting at San Francisco. It is not assumed by Mr. Glass' friends that he or any other Southerner will be nominated.

There is a movement among Virginians in behalf of Vice President Marshall. His recent speech before the Virginia Bankers' Association has been widely applauded on the part of party leaders generally as a sample of simon-pure Democracy very much to their taste. And if a strong movement should be organized at San Francisco in behalf of the Vice President, it need not be surprising if Virginia gave it support. Incidentally, Mr. Marshall is a grandson of Virginia, a fact which has always been a matter of pride to him.

The Palmer forces are organized in Virginia with former Congressman Charles C. Carlin at their head. It has not been intimated, however, that they will make a fight for the support of the Virginia delegation. Hoover had a very respectable following in the State until he became an outright Republican., but that following has now dissolved. His name is rarely mentioned among Democratic leaders any more.

The McAdoo forces are perhaps as strong with certain elements in Virginia as any other major league candidate on the Democratic side of the fence. It is generally assumed that Senator Glass favors Mr. McAdoo's nomination. It was Mr. Glass who succeeded Mr. McAdoo as Secretary of the Treasury, and the Senator, it is known, entertains his regard for the constructive ability and far seeing statesmanship of the New Yorker.

The platform which the Virginia Democrats will adopt is said to be a sweeping indorsement of the Wilson administration, including the peace issues as well as the domestic issues. It will probably be more enthusiastic in its terms because of an article widely printed in the State a few weeks ago to the effect that Virginia Democrats were out of sympathy with the Administration. That article was promptly repudiated by practically every leading Democrat in the State at that time.

SCENE IN THE HOUSE

Madden Calls Confederates Traitors And Southerners Resent it

Washington, May 19.—Sectional feeling, supposedly obliterated through the comradeship in the World War of the men of the North and South, was fired again with sensational effect in the House yesterday afternoon.

Representative Madden, took the floor and asserted he had no apology for the statement he made Saturday during the speech of Representative Upshaw, of Georgia. Mr. Upshaw deplored the fact that the names of Lee and Jackson had not been placed on memorial tablets at the Arlington Memorial Amphitheatre built in honor of the heroes of all wars of the United States.

Representative Madden, of Illinois, reiterated his charge that Lee, Jackson and other Confederates were "traitors" to their country.

"You are a liar!" shouted a score or more members on the Democratic side.

"You are a damned liar!" arose one or two voices above the others. Gallery observers said that Representative Oliver, of Alabama, was one of the members using the expletive.

Southern Democrats began to move down toward the well of the House, and as they moved menacingly toward the front rows, some of them with clenched fists, Representative Madden began to retreat slowly back toward the farther side of the Republican section.

Representative Madden was recognized following a speech by Representative Charles M. Stedman, of North Carolina, who arose to reply to the orginial charge of Madden made in the House last Saturday. Major Stedman 80 years old, is the only surviving Confederate officer in the House and he had just concluded an impassioned protest against the revival of traitorous charges and slurs against the men who wore the gray.

"Mr. Madden's remarks on Saturday were an insult to General Lee and the brave soldiers of the Confederacy," said Representative Stedman. "Mr. Madden stands alone in a wilderness of his own creation."

Major Stedman's speech was received with prolonged applause on the Democratic side and a number of Republicans arose and applauded the venerable Southerner.

The women will have the monument at Washington and Prince streets decorated as usual. The speaking will, however, take place in the Young Peoples' Building and the orator will be Rev. Dr. E. V. Regester, pastor of the M. E. Church South. At the conclusion of the speaking there will be singing in Christ Church cemetery and the mound beneath which is buried a number of Confederate dead will be decorated.

RETAIL DEALERS IN SESSION TODAY

Meet in Auditorium of Alexandria Chamber of Commerce

BANQUET AT RAMMEL'S

Forty-Six Delegates, Representing Associations Throughout the State in Attendance.

The fifteenth annual session of the Retail Merchants' Association of Virginia began today in the auditorium of the Chamber of Commerce.

After the enrollment of the delegates, B. Weil, president of the Alexandria association, called the assemblage to order, when Rev. E. V. Regester, pastor of the M. E. Church South delivered an invocation. W. H. Schwarzschild, state president, subsequently took the chair and presided.

Julian Y. Williams, president of the Alexandria Chamber of Commerce, delivered an address of welcome, in which he showed the practicability of organization, by which interchange of thought proves profitable. In referring to the unrest in the country, Mr. Williams said it had caused but little trouble so far in Virginia, although wages had forged so high that it had become dangerous and production had been diminished. Waste is also in evidence, said the speaker, and losses occasioned by strikes and loss of time are felt by merchants who cannot collect bills. He urged that all vie in the work of bringing about normal production and closed by extending a hearty welcome to the delegates.

R. N. Wills, President of the Roanoke Association, responded in a suitable manner. He said all felt at home as soon as they reached Alexandria and realized it was good for them to be here.

Committees were later appointed as follows:

Credentials—Harry S. Hirsh, Danville; B. C. Ballard, Bristol; Irving Diener, Culpeper.

Resolutions—J. Leslie Hall, Norfolk; C. N. Almond, Lynchburg; Ed Eighenbrun, Petersburg; C. S. Kaufman, Hampton; Raphael Levy, Richmond.

Rules and Division of Time—C. M. Pace, Hampton; Sol Peyser, Newport News; B. Abramson, Alexandria.

Question Box.—Louis Rosensbock, Petersburg, J. N. Brownley, Norfolk; J. C. Lewit, Richmond; C. M. Horgan, Alexandria; E. R. Chick, Roanoke.

Finance Committee—R. N. Willis, Roanoke; J. A. Brittingham, Portsmouth; C. D. Kaufman, Hampton.

Report of president W. H. Schwarzschild, Richmond; treasurer, I. H. Kaufman, Richmond; secretary, W. A. Clarke, jr., Richmond; committee on credentials and rules were subsequently submitted and adopted by rising votes.

The associations were called in alphabetical order and reports submitted.

At 1.30 p. m. a recess was declared when the delegates repaired to the Rammel Hotel for lunch, as guests of the Alexandria Association.

Forty-six delegates are in Alexandria. The present officers of the association are:

W. H. Schwarzschild, president, Richmond;

Directors—Raphael Levy, Richmond; W. T. Ryan, Richmond; H. Carl Boschen, Richmond; David Pender, Norfolk; M. Umstadter, Norfolk; Mosby Ryland, Lynchburg; Edward Egerbrun, Petersburg.

SCOTTISH RITE MASONS PURCHASE

Deal Completed For Building at Alfred and Cameron Streets

TO BE CATHEDRAL

Will Be Remodeled at Cost of $25,000 and Ready For Occupancy by Next September.

The Scottish Rite, Masons have completed negotiations for the purchase of the handsome double dwelling house at the southeast corner of Alfred and Cameron streets from George H. Schwarzmann and Lorenzo Wolford. It is expected that within the next few days a deed of conveyance will be recorded.

For a number of years the Scottish Rite Masons have had under consideration the purchase of a building for what will be known as a Cathedral. The present site is regarded as ideal and the building well adopted for the purpose for which it will be used.

It is a three-story brick structure with a spacious lawn on the south side and the structure contains more than twenty rooms.

It is proposed by the Scottish Rite Masons to make extensive improvements to the building, converting it into a modern Scottish Rite Cathedral which will include a lodge room, reading room, library and other necessary rooms. The proposed improvements will cost about $25,000 it is estimated.

The present occupants of the place will vacate it is expected within the next thirty days and just as soon as the Scottish Rite Masons take possession of the building the contractor will begin the work of remodeling and it is hoped to have the work completed by September 1.

MADAME PECHUSA COMING

Mr. Horgan, director of the Knights of Columbus Minstrels, which will be given in the Lyecum Hall on the 17th and 18th of June, has received definite word from Mme. Pechusa, Oriental dance celebrity, that she will be on hand on the above dates to assist in making the Knights of Columbus minstrels the greatest entertainment ever staged in this city. Madame Pechusa, according to cable advices, sails from Cairo, Egypt, on the 25th of this month, and unless her transport is delayed, expects to arrive in New York several days before the presentation of the Knights of Columbus minstrels. As has been previopsly reported, Madame Pechusa was quite a favorite with the crown heads of Europe in the days that preceded the late world war, and is held in high esteem by the present Sultan of Turkey. It is said that when she received an invitation by radiograph to come to the city of Alexandria, she deemed herself exceedingly fortunate to be given the opportunity of coming to a city named after her own native city, Alexandria, Egypt.

The local members of the minstrels have been busy rehearsing during the past three weks, and another rehearsal will be held this evening in the Lyceum Hall.

A DAY IN THE LABORATORY

The chemical laboratory installed this year in the Alexandria High School has proved of great assistance and pleasure to the chemistry students.

The four hours of each week spent in the laboratory are looked forward to with enthusiasm by the class because of its intense human interest. Here under the supervision of Mr. Haydon, wonderful experiments are performed. It fell to the lot of the fortunate class of 1920 to be the first to enjoy the privileges and advantages of a laboratory, without which the students would not be givven full credit in college for their high school course in chemistry.

In order that one may gain a better and more extended knowledge of the practical side of chemistry, I will outline briefly the course and describe some of the experimntal work.

When the 12:30 bell rings we assemble promptly, anxious to begin our interesting work. The students work in pairs, one taking the notes while the other performs the experiment.

The following experiments are required by all students: Chemical and physical changes, compounds and mixtures, study of acids, how chemical changes are brought about, what flame is, the gas that makes a fire burn, the study of oxids and bases, study of salts, the manufacture of sympathetic ink, manufacture of hydrocloric acid, study of salts by classes, detail study of metals, the study of the physical and chemical properties of oxygen, hydrogen and clorin, and the preparation of gunpowder.

This last experiment, I will describe in detail. The making of gunpowder being a delicate experiment was performed by Mr. Haydon, as he was afraid to trust us to handle such dangerous material.

First, 104 grams amorphous carbon, 6 grams potassium nitrate and 96 grams elementary sulphur were added together. Then heat was applied and the potassimum nitrate broke down setting free oxygen which caused the rapid oxidation of the sulphur and carbon. After the powder explodes potassium sulfid is the only substance left, the nitrogen and carbon dioxide going off as gases. When the powder burned a black smoke was observed which proved to be unoxidized carbon.

This brief sketch will serve to show how extensive and varied is our course in chemistry in the high school.

FIRE ON A BOAT

Occupants Abandoned Their Craft And Allowed it to Drift

The alarm of fire about 7 o'clock yesterday evening was caused by a blaze on a gasoline boat in the river. The boat, of the larger class, and partly covered by a cabin, caught fire while in mid stream, and gained such headway as to cause those aboard (half a dozen men) to seek safety in a boat they had in tow. The engine of the motor boat had stopped, and while it was being carried up the river by the tide, smoke was pouring from it and at times flames could be seen inside the cabin. Several boats ran out into the river and men from one boarded the boat and succeeded in extinguishing the fire and bringing it ashore. It looked as though the boat was about to drift into one of the docks where other boats were moored, in which event a disastrous conflagration might have followed. Hence the alarm of fire.

MOORE ON BONUS BILL

In his able and convincing speech in congress in opposition to the soldier bonus proposal, Representative R. Walton Moore of the Eighth (Alexandria) district contrasted the lot of the service man in the great war in Europe with that of the soldier of the Confederacy. After showing that the bonus plan is not based upon disability or any obligation to widows or orphans, but is intended to benefit men "who, we are thankful to say, emerged from the war unscathed and most of them, probably, more vigorous and capable in body and mind than when they entered the service," the gentleman from Fauquier county is not mistaken in adding that the record of these young men makes a powerful appeal to our pride. As we have heretofore earnestly argued, it is not possible that in any manner we can compensate them for the service they have rendered. Reducing the total from one million eight hundred thousand to one million four hundred thousand in no wise changes the principle. Nor does the measure raise a party issue or a sectional issue. Mr. Moore continued:

"As a Virginian, I pause a moment to reflect upon the experience of the men of my own state who wore the Confederate uniform, for I would gladly trust them to decide this matter and abide by their opinion. And they had full experience. They were at every disadvantage. Such payment as they received during the war was in a currency that was constantly depreciating. They were so poorly clad as to be unprotected from the storms and cold of winter. They were so poorly fed as often to be almost in a state of starvation. Nevertheless, they maintained their fortitude to the end. When the end came they returned to their homes—such homes as remained—with courage unshaken, resolutely facing the future, with no dependence except upon their own exertions, and, unassisted, they rebuilt their land and their industries, not asking a dollar from any government. At least 160,000 Virginians were in the Confederate service, of whom several thousand still survive, and all pension payments on every account that have been made to all of them by their impoverished state in the period of more than half a century, from 1865 to 1920, do not exceed ten million dollars. No young man or middle aged man received a dollar; no man, unless disabled or without means. I will not believe that the Virginia survivors of the Civil War will find any reason for giving this measure their sanction. Nor will I believe that the sons and grandsons of the Virginians who won imperishable knighthood in that war will, when they have taken into view every aspect of this matter, deliberately signify their approval of it."

They do not approve it, judging by the action of the Richmond and Henrico posts of the American Legion. By unanimous vote Henrico went on record as opposed to the bonus, and by a large majority the larger post in Richmond repudiated it. The members are worthy sons of worthy sires and grandsires. Turning to the economic side of the measure, Representative Moore referred to the enormous public debt that has been incurred and the load of taxation which the people are now carrying. The necessity of lessening the tax burdens is apparent. If the bonus bill should be adopted, argued the Eighth district representative, no member of the house, whether leader or follower, should ever stand here again and advocate economy and a reduction of taxes. He also showed the danger in fixing so dangerous a precedent. From the foundation of the government down to June 30, 1916, the total expenditures in pension payments amounted to a little more than five billion dollars, and now it is proposed to provide for a payment of not much less than two billions in addition to all that has been appropriated and all that must be appropriated for the benefit of the disabled men and the dependents of those who have made the supreme sacrifice. Mr. Moore is to be commended for his stand. The proposed measure is against the best interests of the republic and is an insult to the men who gave what no cash bonus however, large, can buy—their loyalty to their country and to a great principle.—Richmond Journal.

THE DIVORCE EVIL

Rev. Dr. J. I. Vance, from 1888 to 1891 pastor of the Second Presbyterian Church in Alexandria, has the following to say on divorces:

"How often marriage becomes divorce! A tidal wave of divorce cases has come as the aftermath of the war. It is easy to understand why. Marriage was entered into hastily, and disillusionment came on better acquaintance. But divorce was here before the war. It is society's standing scandal. Sometimes the situation is as bad as that described by the child who, on being asked if her father and mother were living, replied: "Yes, I have three fathers by my first mother, and two mothers by my second father."

"Often the grounds on which divorces are granted are no better than that stated by the colored girl, who, when asked by the judge why she wanted a separation from her husband replied: "I done lost my taste for Jim."

"All recognize the evil of divorce. Many go as far as to say that there is no ground on which the annulment of the marriage vow can be justified. Many believe that the Bible recognizes adultery and desertion as legitimate grounds, and there are those who feel that modern life has become so complex that in addition to infidelity and desertion the state should recognize others.

"That marriage has been fearfully cheapened, however, goes without the saying. Society is desperately in need of something to restore the lost accent of sanctity to the marriage vow. How is it to be done? A national statute giving a uniform divorce law to all the states might be framed so as to be constitutional, and would help. But if a cure is to be had, marriage must be regarded as more than a mere contract. It is a union, sealed by divine sanction, and "what God has joined together, let no man put asunder."

"There is nothing holier than a marriage vow. For the sake of it, a man shall leave his father and mother and cleave unto his wife, and they twain shall be one flesh. When men and women look upon the tie that binds in this light, they will be slow to have it broken.

"God makes the breaking of the marriage vow immoral, and what divine law makes immoral, human law can never make moral.

PRICE REDUCTIONS NEAR

Price reductions by retail dealers throughout the country constitute one more sound guarantee that the "present hot air prosperity" is bound to cease. R. C. Leffingwell, assistant secretary of the treasury, says. "Dealers are cutting prices in the mercantile trade for two reasons only." Leffingwell said: "These reasons are, he says: "One, people have stopped buying because prices are too high; two, banks are pressing the merchants to take up their loans. Present high prices are bound to be reduced generally because neither the United States nor the old world can continue long to do business on the present basis."

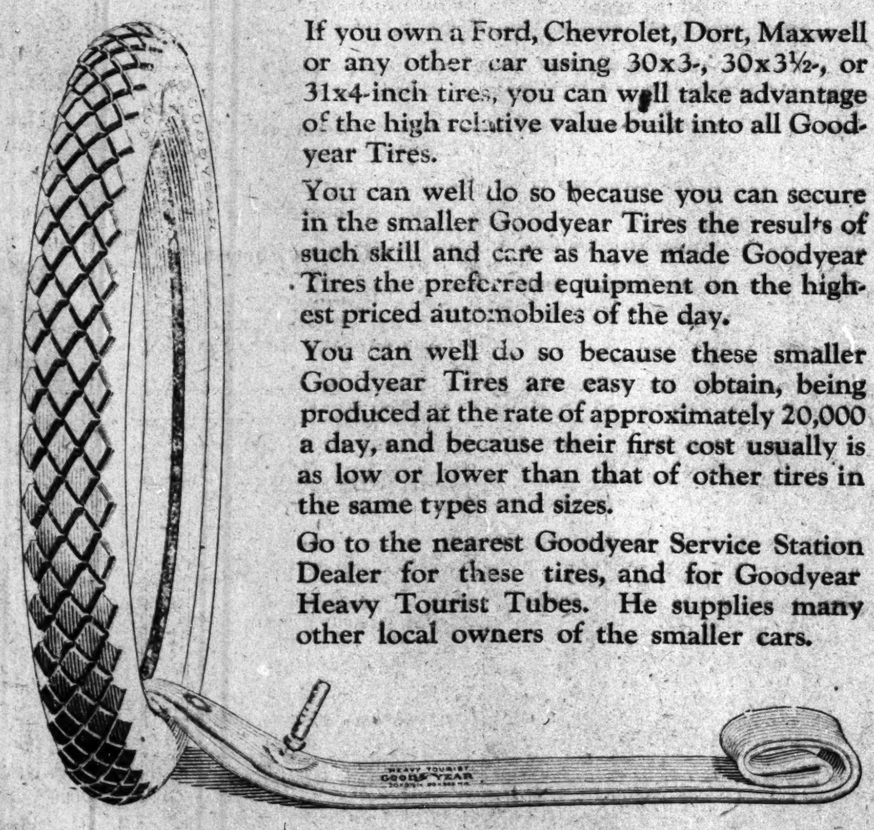
Equip Your Smaller Car With Goodyear Tires



If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3-, 30x3½-, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodyear Tires.

You can well do so because you can secure in the smaller Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest priced automobiles of the day.

You can well do so because these smaller Goodyear Tires are easy to obtain, being produced at the rate of approximately 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same types and sizes.

Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He supplies many other local owners of the smaller cars.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size *in waterproof bag* $4.50

Plenty of Alexandria Readers Have This Experience.

You tax the kidneys—overwork them—
They can't keep up the continual strain.
The back may give out—it may ache and pain;
Urinary troubles may set in.
Don't wait longer—take Doan's Kidney Pills.
Alexandria people tell you how they act.

Mrs. Mary Williams, 914 Duke St., Alexandria, says: "About two years ago I was suffering terribly from kidney trouble. My back pained me so at times I could hardly get about. Nights, lying in bed, it seemed as though my back were broken. My kidneys acted much too freely and that broke my rest. Mornings I felt stiff and sore and could hardly get out of bed. I was completely run down. Doan's Kidney Pills soon gave me relief and after I had finished two boxes my kidneys acted naturally and the pains in my back were gone. I was entirely cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Williams had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

CALL CITY STRIKE

5,000 Men in Chicago Departments Walk Out—May Force Many More to Quit

Chicago, May 19.—Five thousand employes of the municipal street cleaning, garbage removal and repair department struck yesterday to enforce demands for increased wages. Unless settled within 24 hours, officials said the strike will force between five thousand and six thousand other workers out of employment.

The strike was called from the county jail by "Big Tim" Murphy and Mike Carrozzo, union leaders, who are being held for the murder of Maurice "Mossy" Enright, gunman and labor organizer.

The striking teamsters, who are getting $10 a day, ask $11. They are recently increased from $9. Chauffeurs who formerly received $6 and are now paid $7, ask $8. Street cleaners, increased from $3.75 to $4.15, ask $4.75. Garbage handlers, raised $4 to $4.40, asks $5.60.

GLAD TO TESTIFY

Says Watoga Lady, "As to What Cardui Has Done for Me, So As To Help Other"

Watoga, W. Va.,—Mrs. S. W. Gladwell, of this town says: "When about 15 years of age, I suffered greatly. Sometimes would go a month or two, and I had terrible headache, backache, and bearing down pains, and would just drag and had no appetite. Then it would last two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others.

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years.

Begin taking Cardui today. It may be the very medicine you need.

IN CONSTANT USE BY PHYSICIANS EVERY DAY

Medicinal Value of S. S. S. Is Fully Recognized.

Almost every human ailment can be traced, one way or another, to impurities in the blood. So you cannot overestimate the importance of keeping your circulation built up, so that your heart will be constantly pumping rich, red, life-giving blood to all parts of the system. Any slight disorder or impurity that creeps into the blood is a source of danger, for every vital organ of the body depends upon the blood supply to properly perform its functions. It is quite true that practically every one is equally exposed to the attacks of disease. You are just as liable to be attacked as the man or woman sitting next to you on the street car. It all depends upon the condition of your blood. If it is thin and impoverished, and has been allowed to reach a low state by the accumulation of impurities, you have not sufficient vitality to resist these germ attacks, and they find a fertile field in your system to spread disease.

Over a hundred years ago the Indians made many excellent remdies and tonic from roots and herbs gathered from the forests.

One of these formulas was handed down to the white man and for more than fifty years has been used as S. S. S., which is recognized as the best known blood medicine on the market.

This fine old remedy is still made as of old from roots and herbs of proven medicinal value. In fact, physicians everywhere recognize the wonderful efficiency of these roots, and they are prescribed in some form or other almost daily.

And now after being in constant use for more than half a century, S. S. S. is more popular than ever. It is sold by practically every drug store in the land, and every druggist is well acquainted with its sterling merit, for they have seen its results.

S. S. S. is a very valuable agent in the treatment of Catarrh, Rheumatism, Eczema, Tetter boils, pimples, skin eruptions, malaria, and other disorders that come from blood impurities.

It is also without an equal as a general tonic and system builder. By its efficacy in cleansing the blood of impurities, it builds up the appetite and gives new life and vigor to the entire body.

TO OUR COAL TRADE

Under present conditions our receipts of domestic coal are limited and prices are constantly changing.

We will be glad to enter orders; deliver the coal as promptly as we can secure it, and bill it to our customers on the basis of cost to us plus our usual gross margin, and this will have to be our policy at this time as everything indicates great uncertainty in the coal trade.

Our customers can be assured that we will do everything possible to keep the price as low as we are able to, consistent with quality, weight and service, and we shall be glad to have you entrust the business to us on this basis.

This also applies to any orders we already have from our trade.

AIMS TO KILL DRY LAW

Constitutional Liberty Object of Organization Originating in Boston

Washington, May 19.—A Constitutional Liberty League to secure repeal of the Volstead Prohibition Enforcement act is in process of formation. It will have agencies in every State and will undertake to meet and overcome the propaganda of the Anti-Saloon League by educating the country to the evils of prohibition by constitutional legislation with a view to promoting temperance, securing proper regulations of the liquor traffic through the local police power and preserving individual liberties.

A Pennsylvania organization will be started at once, and other States will follow rapidly.

The activities of the league will be carried on "in all proper and lawful ways to influence public opinion to the end that the standards of personal liberty of thought and conduct which were established by the founders of the Government of the United States of America shall be maintained and safeguarded."

Its further propose is "to oppose any impairment of the right of American citizens as vested in them by the First Amendment of the Constitution of America, or by the Constitution itself."

A meeting is to be held in Washington soon, at which plans for the organization of other branches throughout the United States will be formulated.

WOOD ALCOHOL FATAL

One Arrested for Drunkenness, Other Found Dying in Home

Two deaths resulted in Washington Saturday from the effects of wood alcohol poisoning. Harry Gould, 38 years old, 1230 B Street, S. W., died at the Washington Asylum Hospital after heroic treatment by the doctors had failed to revive him. He had been arrested by a policeman in the First precinct and charged with with being drunk. He was found unconscious in his cell and taken to the hospital.

The other victim was Wm. Proctor, colored, of 1228 Sixth street northwest, who was removed from his home and taken to the Casualty Hospital. He died en route. It was said that he had been drinking wood alcohol.

YES, BOYS ARE HARD ON SHOES but, then, when we put on our thick long-lasting soles and heels, boys will wear their shoes so much longer and save you a lot of shoe money. Our soles and heels actually last longer than the original factory materials—they almost outlast the uppers. And the boys are grateful, too, for strong soles and heels.

CARRANZA ON THE RUN

President's Flight Pitiful Under Rebel Army's Pressure

Mexico City, May 19.—"We are lost! Good by, gentlemen!" These were Carranza's final words before his flight from the besieged trains in the early afternoon of May 14, while pausing momentarily before a crowd of terrified civilian refugees a few miles east of San Marcos, accompanied by a few intimates and guarded by what the special dispatches term "a very small cavalry force."

The fugitive president crossed the narrow valley through which the Mexican railway passes, stopped for a few moments to watch the liberal revolutionary forces occupy the stalled trains; then disappeared among the mountains.

It is believed that Carranza is heading northeast toward the coast by way of Cofre de Perote, with the intention of boarding a steamer at some small port and escaping from the country.

Judging from the list of captured officials and generals received Sunday at the headquarters in Mexico City of the liberal revolutionary government, a few are accompanying Carranza.

Always Tired For No Reason

Pepto-Mangan Increases and Enriches the Supply of Red Blood—Builds Strength

Restores Color and Appetite

Energy and Interest Soon Come With Red Blood

"I don't know why I should feel the way I do" is a remark often heard. A close look at the person who says this, will find signs of anemia or bloodlessness.

When the blood is thin and weak you do feel miserable. The simplest tasks seem too much for your strength and you get ashamed of your pale face and dull eyes.

Red blood makes the best complexion. It is red blood that puts roses in the cheeks, light in the eyes and spring in the walk.

To build up more red blood take Gude's Pepto-Mangan.

Gude's Pepto-Mangan furnishes thin, watery blood with the necessary nourishment to enrich it, enabling it to supply energy, vitality, and strength to every part of the body.

Physicians recommend Gude's Pepto-Mangan to patients suffering from anemia because its beneficial and lasting qualities are well known to the medical profession.

Gude's Pepto-Mangan is obtainable in either liquid or tablet form. Both forms contain exactly the same strength and medicinal properties.

When you buy Pepto-Mangan of your druggist, be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan.—Advt.

Another Royal Suggestion
PIES and PASTRIES
From the NEW ROYAL COOK BOOK

CHEER up! There is no further reason for worrying about table variety. The new Royal Cook Book gives new suggestions for every meal every day. The book is so full of surprises there will never be another dull meal in the home. Here are a few suggestions from the new Royal Cook Book.

Plain Pastry

This recipe is for one large pie with top and bottom crust

2 cups flour
½ teaspoon salt
2 teaspoons Royal Baking Powder
⅓ cup shortening
cold water

Sift together flour, salt and baking powder; add shortening and rub in very lightly with tips of fingers (the less it is handled the better the paste will be). Add cold water very slowly, enough to hold dough together (do not work or knead dough). Divide in halves; roll out one part thin on floured board and use for bottom crust. After pie is filled roll out other part for top.

Rich Pastry

2 cups pastry flour
½ teaspoon Royal Baking Powder
¼ teaspoon salt
⅔ cup shortening
cold water

Sift flour, baking powder and salt; add one-half shortening and rub in lightly with fingers; add water slowly until of right consistency to roll out. Divide in halves; roll out one half thin; put on in small pieces half remaining shortening; fold upper and lower edges in to center; fold sides in to center, fold sides to center again; roll out thin and put on pie plate. Repeat with other half for top crust.

Apple Pie

1¼ cups flour
1½ teaspoons Royal Baking Powder
½ teaspoon salt
3 tablespoons shortening
4 apples, or 1 quart sliced apples
2 tablespoons sugar
1 teaspoon milk

Sift flour, baking powder and salt; add shortening and rub in very lightly; add just enough cold water to hold dough together. Roll half out on floured board, line bottom of pie plate; fill in apples, which have been washed, pared and cut into thin slices; sprinkle with sugar; flavor with cinnamon or nutmeg; wet edges of crust with cold water; roll out remainder of pastry; cover pie, pressing edges tightly together and bake in moderate oven 35 minutes.
